Our Guarantee

Satisfaction Guaranteed

Every business, big or small, can benefit from using a tele-name-number in their advertising. After 18-years in the tele-name-number business, I know you will be satisfied just as over two thousand of our customers have been since 1992. In our effort to increase the number of businesses that will test and see for themselves the benefits of using a tele-name-number, we have made this Pledge of Guaranteed Satisfaction to all new customers:

Our Pledge of Guaranteed Satisfaction

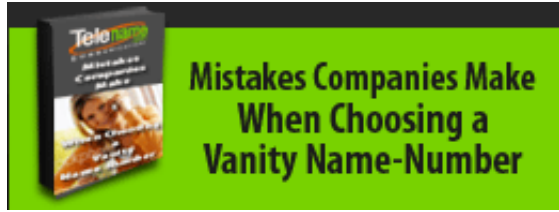

If during the first 6 months of owning a tele-name-number you decide your advertising results were not improved, we will keep the number activated at no cost to you for an additional 6 months. We'll even reimburse you for the incoming call charges during that period.

Sincerely,

David Ashley

Cut Competition Off at the Pass

A toll-free phone name that's easy to remember keeps customers out of the phonebook , away from internet search engines – and away from your competitors' advertisements. A premium, memorable tele-name-number can make your competitors Yellow Page ads and Internet advertising worthless and irrelevant.

Testimonials

"I wanted to let you know how pleased I have been with your service during the two years we have had the **1-800-BARTEND** calls for Dallas/Ft. Worth. The number has been very effective with our jingle on TV and radio ads; but your service has been the exceptional part of the arrangement. Thanks."
